

Spiritual Bouquet Card Assembly Instructions:

1. After printing out this sheet on cardstock, cut out the front (above), inside (on the right), and back (above right) pieces of the card.
2. Stack up the layers with the front on top, the inside in the middle and the back on the bottom. Position the back with the blank side facing inward (the copyright wording facing outward) to provide space for writing a little note to go along with your Spiritual Bouquet.
3. To attach the layers together, you can either hole-punch a single hole through all layers in the top left hand corner and secure with a paper fastener, or punch *two* holes along the left hand side, thread a ribbon through and tie. *Enjoy!*
